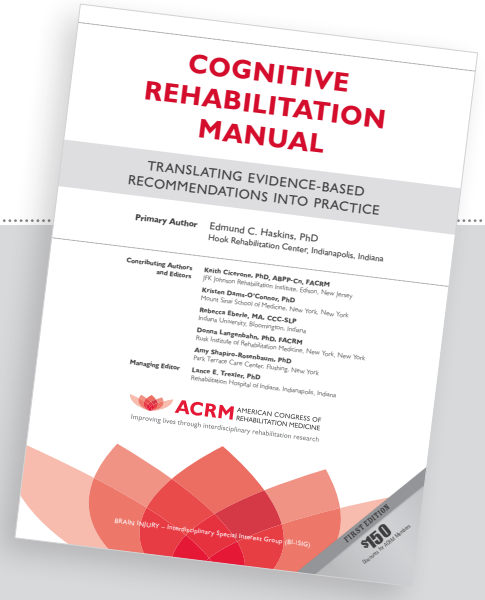
Although faculty are confirmed, speakers are not guaranteed and are subject to change without notice.



"Thoughtfully organized, practical, and invaluable — this manual provides step-by-step techniques for delivering cognitive therapies. This promises to be an essential guide to the delivery of cognitive rehabilitation services for persons with brain injury."

RONALD T. SEEL, PhD
DIRECTOR OF BRAIN INJURY RESEARCH, SHEPHERD CENTER, ATLANTA, GA

"This manual has moved the post-acute brain injury industry significantly forward by providing clear guidelines for delivering 'best practice' cognitive rehabilitation."

SID DICKSON, PhD, ABPP
PATE REHABILITATION, DALLAS, TX
