

ACRM Cognitive Rehabilitation Training 2nd Edition

ONLINE COURSE — MULTI-SEAT LICENSING

21Jan2025

OVERVIEW

Bring this education to your whole staff and purchase a multi-seat license to get everyone at your facility up-to-speed with ALL of the latest evidence-based strategies in ONE place.

The ONLINE COURSE provides convenient access to the teachings from anywhere with an internet connection and provides the most cost-effective way to bring the training to your institution.

Everyone takes the course at their own pace, at their own place — pausing and resuming as they wish.

Bring the convenience, prestige and value of this program home to your facility to make sure your team has ALL of the latest EVIDENCE-BASED strategies for cognitive rehabilitation.

“We believe that participating in the ACRM Cognitive Rehabilitation Training and using the evidence-based strategies will result in significantly better outcomes for your patients, their families, and your organization.” — **Lance E. Trexler**, PhD, FACRM, Retired Clinical Assistant Professor, Department of PMR, Indiana University School of Medicine, ACRM Cognitive Rehabilitation Manual primary author

MULTI-SEAT LICENSE BENEFITS:

- With your purchase, the online training course will be licensed to your institution/organization granting you the right to resell the training to your audience. You are free to market it to your faculty, staff, patients, caregivers, and anyone else who would benefit from this in-depth Cognitive Rehabilitation Training.
- The more people you train, the higher the discount (For example, 10 trainees is 19% off, 50 trainees is 42% off)
- Complimentary email announcement to help you market the course
- **TIP:** *Ask about the availability of a 2-hour Q&A session with the authors/faculty (additional fees apply)

COSTS *all prices are subject to change without notice

ONLINE COURSE Includes:

- Six-months of access to the ONLINE COURSE (video recording of the two-day training).
 - Easy access at your own pace — take the course at your convenience and pace from any browser window

COURSE SELECTION

- ACRM Cognitive Rehabilitation Manual & Textbook Second Edition eBook— \$295 value (print version also available at an additional charge plus shipping and handling)
 - The Manual — all 500 pages, including clinical forms and companion website — is a practical guide for the implementation of evidence-based interventions for impairments of executive functions, memory, attention, hemispatial neglect, and social communication. Available for purchase by caregivers and family members of brain injury patients.
 - **\$195 ACRM MEMBER** (plus shipping & handling for softcover)
 - **\$295 non-member** (plus shipping & handling for softcover)
- Continuing education: up to 12.25 hours
 - See section below: “Continuing education Credit”
- Companion Website Access
 - One year of exclusive access to the robust companion website containing supplemental materials including dozens of worksheets and forms.

ACRM COGNITIVE REHABILITATION TRAINING

COMPANION SITE

Login to access supplemental materials to the **MANUAL & TEXTBOOK** — including forms, worksheets and separate sections for faculty and students. Also through this portal, access the **ONLINE COURSES** for ACRM Adult and Pediatric Cognitive Rehabilitation.

Login to the Companion Website

Course selection

- Certificate of completion
- Slides: Access to the presenters' slides (pdfs can be sent upon request)
- 1-year of select ACRM membership

- Includes all the benefits of ACRM eMember PLUS access to attend any ACRM community group meeting
- **INDIVIDUAL /single seat license:**
 - **\$395 ACRM MEMBER**
 - **\$495 non-members**
 - Includes everything listed above plus non-members receive a 6-month introductory ACRM membership with access to all interdisciplinary special interest groups and networking groups and subscriptions to members-only newsletters.

AGENDA — Online Course

Session 1: Principles of Cognitive Rehabilitation (91 minutes)

Amy Shapiro-Rosenbaum, PhD, FACRM

Session 2: Keeping the Brain in Cognitive Rehabilitation: The Relevance of Functional Neuroanatomy and Neuropathology (72 minutes)

Lance E. Trexler, PhD, FACRM

Session 3: Evidence-Based Treatment of Executive Functions (110 minutes)

Jennifer V Wethe, PhD, ABPP-CN

Session 4: Evidence Based Interventions for Memory (110 minutes)

Thomas F. Bergquist, PhD

Session 5: Evidence Based Treatments of Attention (125 minutes)

Angela Yi, PhD

Session 6: Evidence-Based Interventions for Visuospatial Deficits and Apraxia (89 minutes)

Donna M. Langenbahn, PhD

Session 7: Evidence Based Interventions Social Communication (121 minutes)

Rebecca D. Eberle, M.A., CCC-SLP, BC-ANCDS, FACRM

Session 8: Evidence-Based Group Treatments of Memory and Executive Function (122 minutes)

Donna M. Langenbahn, PhD & Thomas F. Bergquist, PhD

CONTINUING EDUCATION CREDIT

Educational Level: **Introductory/Intermediate**

Instructional Method: **Video Taped Lecture**

CME/CEU: **12.25 contact hours**

DISCIPLINES

- Occupational Therapists (AOTA)
- Physical Therapists (ACCME – Non-MD Certificate of Participation)
- Physicians (ACCME)
- Psychologists (Division 22)
- Speech-Language-Hearing Therapists (ASHA)

COMPLETION REQUIREMENTS:

EVALUATION AND CME CERTIFICATES

Credit is only given to attendees that register for the course; successfully complete the entire course; take the post-test after each session and evaluate the course. At the end of the training, you will return to the course home page and click the link for the post-test. You must pass the post-test with 100% accuracy. You may retake the test as many times as necessary. Once you complete the final post-test, you will find the link to evaluate the activity and claim your certificate.

LEARNING OBJECTIVES

To support the attainment of knowledge, competence, and performance, the learner should be able to achieve the following objectives:

1. Use a decision-tree to assist in determining which type of cognitive rehabilitation to implement.
2. Describe techniques for improving attention and the steps involved in carrying out treatments.
3. Identify the general guidelines for the use of external memory strategies.
4. Describe a general algorithm and conceptual framework for structuring interventions for awareness, executive functioning, and behavioral / emotional self-regulation.
5. Discuss the evidence concerning the effectiveness of cognitive rehabilitation in the selection and implementation of specific, individualized interventions for cognitive disability.

STATEMENT OF NEED AND TARGET AUDIENCE

Educational opportunities that promote evidence-based interventions for cognitive rehabilitation are needed by clinicians in order to provide optimum care for individuals with brain injury.

ACRM Cognitive Rehabilitation Training provides such an opportunity by presenting evidence-based standards and guidelines for clinical practice and translating them into step-by-step procedures for use by clinicians. The interventions described can be readily used by occupational therapists, speech and language therapists, psychologists, and other rehabilitation professionals.

DISTINGUISHED FACULTY

Thomas Bergquist
PhD, LP, ABPP-CN, FACRM
Mayo Clinic, Rochester, MN

Rebecca Eberle
MA, CCC/SLP, BC-ANCDs, FACRM
Indiana University Bloomington, IN

Michael Fraas
PhD, CCC/SLP, MHL, CBIS
Independence Rehab
Bellingham, WA

Donna Langenbahn, PhD, FACRM
Rusk Institute of Rehabilitation Medicine,
NY, NY

Amy Shapiro-Rosenbaum, PhD, FACRM
Park Terrace Care Center, Flushing, NY

Lance Trexler
PhD, HSPP, FACRM
Indianapolis, IN

Jennifer Wethe
PhD, ABPP-CN
Mayo Clinic, Purdue University,
Scottsdale, AZ

Angela Yi, PhD
Foothills Neuropsychology and
Rehabilitation Services, Claremont, CA

CONTINUING EDUCATION CREDITS

PHYSICIANS – Approved

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the New Jersey of Academy of Family Physicians and the American Congress of Rehabilitative Medicine. The New Jersey of Academy of Family Physicians is accredited by the ACCME to provide continuing medical education for physicians.

The New Jersey of Academy of Family Physicians designates this enduring material activity for a maximum of 12.0 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

SPEECH-LANGUAGE HEARING PROFESSIONALS – Approved

This course is registered for 1.15 ASHA CEUs (Intermediate Level; Professional Area).

An annual ASHA CE Registry fee is required to register ASHA CEUs. ASHA CE Registry fees are paid directly to the ASHA National Office. To register ASHA CEUs with ASHA, you must complete a CE participant form, turn it in at the time

of the activity, and pay the ASHA CE Registry fee. ASHA CEUs are awarded ONLY AFTER receipt of the CE Participant Form AND payment of the Registry fee.

OCCUPATIONAL THERAPISTS – Approved

ACRM has applied for AOTA for Distance Learning-Independent for 12 AOTA CEUs. The assignments of AOTA CEUs do not imply endorsement of specific course content, products, or clinical procedures by AOTA.

PHYSICAL THERAPISTS – Approved

Physical Therapists will receive a non-physician Certificate of Attendance.

TURBO BOOST YOUR PRODUCT OR SERVICE

Extra amplification? Want to do something more? Let us know what you are thinking, and we will help build a custom program for you. For example, potential boosts might include — dedicated eblasts to ACRM's exclusive email list, additional social media boosting including sponsored stories (Instagram and Facebook), sponsored social media posts, etc.
