

Archives of Rehabilitation Research and Clinical Translation (ARRCT) – Open Access Publishing

13MAY2021

SCHEDULE — Papers are submitted, evaluated, and accepted papers published on a rolling basis

OVERVIEW

- Open Access Journal serving the rehabilitation research and clinical practice community
- 55,000+ downloads per year in just its second year of publication (276% increase over year one)
- Online only journal publishing under the gold open access model - all articles are free to all
- Currently indexed in the Directory of Open Access Journals (DOAJ) with applications to Scopus and PubMedCentral (PMC) pending
- Companion journal to *the Archives of PM&R*

ARRCT is quickly establishing itself as **THE** open access journal for the field of physical medicine and rehabilitation. Together *the Archives* and *ARRCT* provide complete coverage of the latest research and its clinical applications to the PM&R world.

HOW THIS WORKS

- *ARRCT* is a scientific, peer-reviewed open access journal accepting submissions in the field of physical medicine and rehabilitation
- *ARRCT* publishes original, peer-reviewed research and systematic and other reviews covering important trends and developments in rehabilitation. It also considers exceptional case reports, qualitative research, and methodological protocols
- Authors should prepare their manuscript according to the [Author Instructions](#) and submit them online [here](#)

DETAILS

- Authors only pay the article processing charge (APC) for accepted manuscripts. There are no submission fees.
- Authors may submit directly to the journal. Alternatively, their submission to the *Archives of Physical Medicine and Rehabilitation* may be referred to *ARRCT* pending their approval.
- Articles are published under the CC BY-NC-ND license.

DISSEMINATE YOUR RESEARCH

With the mission of IMPROVING LIVES of those with disabling conditions through interdisciplinary rehabilitation research, ACRM curates and disseminates world class rehabilitation research. Publishing your article in *ARRCT* under the open access model strengthens this mission. Since all articles are freely available, they each have the potential to be viewed by more people. This will lead to **higher usage, citations and ultimately, impact for your work.**
