

We Believe IN

**IMPROVING LIVES  
THROUGH  
INTERDISCIPLINARY  
REHABILITATION  
RESEARCH**

If you do, too, please consider  
supporting our work...

ACRM is working to make a positive impact in the world of rehabilitation research.

When you donate, you will help ACRM to:

- serve as an advocate for public policy and legislative issues supporting those with disabilities and providers of rehabilitation services;
- develop innovative and cost-effective models of collaborative care and comprehensive rehabilitation management;
- lead research efforts that examine and develop the most effective clinical technology and treatment paradigms; and
- initiate dialogue with payers and regulators to communicate the collaborative care models that produce positive rehabilitation outcomes.

Help accelerate the move to IMPROVE LIVES.
