Improving lives through interdisciplinary rehabilitation research
Never before have RESEARCH OUTCOMES been so accessible for use in everyday clinical practice.

90% of attendees would likely recommend this training to colleagues.

This two-day introductory workshop provides an extraordinary opportunity to learn evidence-based cognitive rehabilitation strategies from leading researchers and clinicians in the field.

Based on the ACRM Cognitive Rehabilitation Manual: Translating Evidence-Based Recommendations into Practice, the course teaches evidence-based interventions for impairments of:
- Executive functions
- Memory
- Attention
- Hemispatial neglect
- Social communication

REGISTRATION INCLUDES
- Two days of live training with authors of the Manual
- THE MANUAL: Printed copy of the ACRM Cognitive Rehabilitation Manual including worksheets ($150 value)
- ONLINE COURSE: Access to previously recorded Cognitive Rehabilitation Training ($395 value) audio with slides
- CME/CEU credits: 12 hours of continuing education in your choice of 10 disciplines
- Non-members receive a 6-month introductory ACRM membership

LIMITED TIME SPECIAL:
FROM $349 student member, $399 member
For full pricing grid see: ACRM.org/COGpricing

“Thoughtfully organized, practical, and invaluable — this manual provides step-by-step techniques for delivering cognitive therapies. This promises to be an essential guide to the delivery of cognitive rehabilitation services for persons with brain injury.”

RONALD T. SEEL, PhD
DIRECTOR OF BRAIN INJURY RESEARCH, SHEPHERD CENTER, ATLANTA, GA

“This manual has moved the post-acute brain injury industry significantly forward by providing clear guidelines for delivering ‘best practice’ cognitive rehabilitation.”

SID DICKSON, PhD, ABPP
PATE REHABILITATION, DALLAS, TX
